Rules and Regulations Governing Exhibits and Activities

The rules and regulations stated in the Exhibitors Prospectus constitute a bona fide part of the contract for exhibit space. The JDA and the Convention Committee reserve the right to render all interpretations and decisions, should any questions arise, and to establish further regulations as may be deemed necessary to the general success and well being of the exposition. The JDA restrict exhibits that detract from the general character of the exhibition. This includes persons, objects, conduct, printed material, or anything of a character that may be objectionable to the exhibit area as a whole. Exhibits should be presented in a manner that is consistent with the JDA's policies on sexual harassment and non-discrimination. All matters and questions not covered in these policies are subject to the final judgment and decision of the JDA and the Convention Committee.

Appropriate Badging

Exhibitor badges will reflect the name of the company shown on the application/contract for exhibit space. Each company representative must wear his/her own badge for admission to and while in the Exhibit Hall. Badges are not transferable among company employees, representatives, dealers, guests, and/or others. Supplementing the official badge with business cards, ribbons, or company logos is not permitted.

Booth Staffing

As a courtesy to conference attendees and fellow exhibitors, and to maintain a positive company image, exhibitors must open their exhibit on time each day and staff the booth at all times during the exhibit hours. Each exhibiting company is expected to staff its booth adequately during all exhibit hours. Aisles must be kept clear and exhibits arranged so the exhibit personnel are inside the space rented.

Breaches of Contract

Breaches or infractions of the exhibitors' contractual obligations could affect the status of the company's future eligibility to exhibit and/or result in the termination of the exhibitor's display privileges at the JDA expositions. Termination may become effective during the exposition, at which time the exhibitor must remove his/her exhibit as soon as possible without the disruption of the exhibition. Expulsion of, or restrictions placed on, an exhibitor may not give rise to a claim for any refund of rental or other exposition expenses.

Damage to Convention Facility

The exhibitor must surrender space occupied in the same condition as it was at the time of occupation. Exhibitors will be responsible for any damage done to the convention facility, and for any and all claims and demands on account of any injury or death or damage of property occurring in or upon exhibitor's booth space or because of the acts of the exhibitor, their employees, licensees, agents, or contractor and exhibitor agrees to and shall indemnify and hold harmless JDA from and against any and all liability and claims and demands which may arise from or be assessed in connection with the foregoing undertakings and responsibilities of the exhibitor. No nails, tacks or screws may be driven into the floor, wall or woodwork of the building.

Dismantling of Exhibits

We would like all exhibits to remain intact until the closing of the show on Saturday, February 16, 2019 at 5:00 p.m. However, if that cannot be accommodated, please ensure that there is as little disruption as possible. Please advise early, as this will determine your booth assignment.

For the Kingston booths, all MUST be dismantled on the evening of Sunday 10 February 2019 by 6:30pm.

Entering another Exhibitor's Booth

Exhibitor personnel should not enter another exhibitor's booth space without obtaining permission, nor should personnel block access to another booth.

Forms of Entertainment or Amusement

Attention-getting devices in the form of entertainment or amusement must be approved by the Convention Committee prior to the opening of the exposition. Only activities that, at the discretion of the Convention Committee, are in keeping with the professional environment of the exposition will be allowed.

General

All matters and questions not covered by the regulations are subject to the decision of the JDA. JDA may amend the regulations at any time, and all amendments that may be so made shall be equally binding on all parties affected by them, as are the original regulations. In the event of any amendment or additions to these regulations, JDA will give written notice to such exhibitors that may be affected by them.

Inspection of Booths

The Convention Committee along with the JDA's representative will inspect each booth prior to the opening of the exposition to ensure that the exhibitor has adhered to the rules and regulations set forth in this document. The Convention Committee will inform the exhibitor of any infractions, and all corrections must be made before the exposition opens.

Security

Guards from the hotel will be engaged to provide protection for the overall exhibition from the beginning of move-in to the end of move-out, but not for any particular exhibit. The JDA, the security vendor from The Iberostar Hotels & Resorts will not be held responsible for the safety of the property of exhibitors from theft, damage by fire, accident, vandalism or other causes. The JDA strongly recommends that each exhibiting company secure a rider policy through its insurance agent to cover all booth and display items during transportation to and from this conference, as well as during installation, exhibit days, and dismantling.
